### The Weather.

FOR KENTUCKY—Fair and warm-  
er Thursday.

We congratulate the readers of the unmentionable sheet around the corner—if it has any—that they have at last had a chance to read something with sense in it. It copied an entire editorial—and a good one, too—from the Kentuckian yesterday and complimented it by taking the other side.

Congressman Stanley has submitted to congress a report on "cornstalk paper," samples of which are shown. It is believed by Mr. Stanley that a new and profitable use can be found for the cornstalks now wasted and at the same time the growing scarcity of paper materials can be abundantly supplemented by the annual crop.

The Hustler publishes a three-column cartoon on its front page calling attention to the muddy condition of the streets of Madisonville. That kind of advertising seldom does a town any good. The Hustler is too good a paper and too progressive to make the mistake of "knocking" on its own town. Hopkinsville suffers from a sheet of that kind and the Hustler should by all means keep out of its class.

No more beautiful delineation of the character of a strong man, a man among men, has been published in recent years than Violet Melville's "The Fool," which appears in the March Smart Set. This is a story of the Brazilian wilds, and of a man who lived down a derisive nickname until it came to signify a devotion and an affection rarely seen among men. This is a romance without a heroine.

General Manager Felix G. Ewing, who boasts that the association was conceived in his brain and carried to success by him, now finds himself a defendant in two \$25,000 damage suits in the federal court at Paducah, brought by Judge Rucker and L. M. Wood, two of the victims of the mob that raided Eddyville Feb. 15, 1908. In one of the suits, Col. Joel Fort, the most heated of all the orators Mr. Ewing sent out to make "organization" speeches, is likewise a defendant.

"A Knight Errant in Broadway" by Rupert Sargent Holland, author of "The Pirate of Alastair," which won him so many friends in a former issue of Lippincott's, is to be the big story in the March number. "A Knight Errant in Broadway" is the story of a certain Englishman's peridy when he took root in Wall street. This is only incidental, however, to the central characters, a bonny English girl of mettle and a young American who has red blood enough to rise above his early environments, which threatened to suck him down. The story is full of action in present day affairs and quite characteristic of Mr. Holland's best style.

In to-day's paper, Chairman J. L. Barker construes the Longview agreement and says after a pool of 500,000 pounds is formed little farmers may get into it by having their tobacco graded and the minimum prices fixed, after which they may sell to association buyers. A good deal of tobacco may be expected to bring more than the graded prices, if all buyers who have bought half a million pounds are to be considered qualified buyers. We have been

### BRADLEY TRIAL

Postponed—Awaits Action  
of Court of Appeals.

Dr. S. A. Bradley, Livestock Inspector under Mayor Barth, charged with bribery, was presented for trial in the Criminal Court to-day, and the case was continued to April 26. The trial was postponed, according to Commonwealth's Attorney Huffaker, because an appeal on a motion to quash the indictment in the case is pending in the Court of Appeals. Bradley was acquitted on an almost identical charge by a jury in the Criminal Court a few months ago. He is alleged to have secured money from meat dealers with the promise that he would not confiscate diseased meats which were to be put on the market.—Louisville Post.

### MANAGER EWING

Defendant in Night Rider Suit  
Brought By L. M. Wood.

Paducah, Ky., Feb. 13.—Among 42 additional defendants in the suit of L. M. Wood, who was whipped by night riders at Eddyville, Feb. 15, 1908, Felix G. Ewing, general manager of the Planters' Protective Association, is named. Wood asks for \$25,000 in Federal court, and alleges a general conspiracy in the association to create a reign of terror through the night rider organization.

### ECZEMA CURABLE? PROVEN!

Attorney at Moline, Ill., Convinced by  
Oil of Wintergreen Compound

There is nothing that will convince a lawyer, except evidence.

Now, here is some rather startling evidence of a simple home cure for eczema which convinced one lawyer, F. C. Entriiken, attorney at Moline, Ill. He tells how oil of wintergreen compound mixed with thymol and glycerine, as in D. D. D. Prescription, cured him in thirty days after thirty-two years of suffering.

"For 32 years," writes Attorney Entriiken, "I was troubled with eczema, scabs all over my face, body and head. I could run a hair brush over my body and the floor would be covered with scales enough to fill a basket. I tried everything—salves, internal medicine, X-Ray—all without result."

"Just a month ago I was induced to try D. D. D. Prescription. The itch was relieved instantly; so I continued. It is just a month now and I am completely cured. I have not a particle of itch and the scales have dropped off."

"I can only say again cure discovered. I am now starting all eczema sufferers on the right track."

Cure after cure has been brought to our attention and always that instant relief from the awful itch.

### CRYING FOR HELP.

Lots Of It In Hopkinsville,  
But Daily Growing Less.

The kidneys cry for help. Not an organ in the whole body so delicately constructed.

Not one so important to health. The kidneys are the filters of the blood.

When they fail the blood becomes foul and poisonous.

There can be no health where there is poisoned blood.

Backache is one of the first indications of kidney trouble.

It is the kidneys' cry for help. Heed it.

Doan's Kidney Pills are what is wanted.

Are just what overworked kidneys need.

They strengthen and invigorate the kidneys; help them to do their work; never fail to cure any case of kidney disease.

J. D. Christian, living on Clarksville St., Elkton, Ky., says:

"My kidneys were disordered for a long time, and although I took many remedies, I never received relief until I used Doan's Kidney Pills. They were so entirely satisfactory that I am constantly recommending them to other sufferers of kidney complaint. Doan's Kidney Pills certainly rid my system of kidney complaint in a remarkably short time."

Plenty more proof like this from Hopkinsville people. Call at L. A. Johnson & Co.'s drug store and ask what their customers report.

For sale by all dealers. Price 50 cents, Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

### Full Confession.

It is rumored that a certain alleged night rider near Star Lime Works, in this county, has been overheard in a conversation with Otis Blick, in which a detailed account was given of the Birmingham raid. Two or three persons were concealed near by when Blick drew from his comrade night rider, a full and complete statement of the raid from beginning to end.—Lyon Herald.
